

Datasheets

Grilling and roasting tray, cast aluminium, Trilax® coating

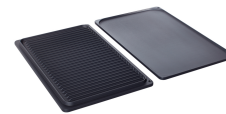

Article number

60.71.617

Description

Multifunctional grilling and roasting tray with TriLax non-stick coating, ideal for diagonal grill patterns on pan-fried food, fish and vegetables. The wraparound edge on the rear side makes it ideal for roasting food that is likely to produce lots of fat or liquid.

Intended use

This product is only intended for commercial use, such as in restaurant kitchens or catering operations for schools, hospitals, or delis. Any other use runs counter to its intended purpose, and could be dangerous. Any other use runs counter to its intended purpose, and could be dangerous.

Features

- Grilling side: For preparing grilled vegetables, steaks and fish
- Perfect grill pattern due to optimum thermal baking of the material
- The continuous lip on the roasting side makes it perfect for preparing fatty foods, such as ham or sausages.
- Usable on both sides

Capacity

1/1 GN	Grilling and roasting tray
--------	----------------------------
